MAJOR INFORMATION

- **CAPSTONE EXPERIENCE:** It is the responsibility of each student to consult his/her advisor regarding details of meeting the capstone requirement. The Capstone for this degree is completed in the summer.
- Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- Coursework listed as "elective" may vary for each student. Students are encouraged to use elective hours toward a minor or toward prerequisites.
- Students are strongly encouraged to select courses that meet two or more Core or College requirements. For example, a writing intensive literature course could satisfy the Core II Humanities requirement as well as the university writing intensive requirement.
- Course offerings and course attributes are subject to change each semester.

- Please consult each semester's schedule of courses for availability and attributes.
- Minimum 2.0 overall and MU and in all NRRM coursework required for graduation.
 - Minimum of 120 hours (40 upper level) required for graduation.

NATURAL RESOURCES RECREATION MANAGEMENT

The Department of Natural Resources and the Environment offers a B.S. in Natural Resources and Recreation Management. The NRRM program is focused on the management of natural resource and recreation areas such as parks, forests, coastal areas, and other natural areas located on public and private lands. The NRRM program offers an interdisciplinary Bachelor of Science degree, in which students will study the fields of natural resource management, recreation and leisure studies, environmental science, biology, sociology, psychology, and business. The program prepares qualified professionals for employment with municipal, state, or national park and recreation agencies, the US Forest Service, the US Army Corps of Engineers, nature centers, and a variety of tourism entities to name a few.

GRADUATION REQUIREMENTS

- Have a minimum of 120 credit hours (some colleges or majors require more);
- Have an overall and Marshall Grade Point Average of 2.00 or higher;
- Have an overall Grade Point Average of 2.00 or higher in the major area of study;
- Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements;
- Have met the requirements of the Core Curriculum;
- Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate catalogue);
- Be enrolled at Marshall at least one semester of the senior year;
- Have transferred no more than 72 credit hours from an accredited West Virginia two-year institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. YEAR ONE

Have questions? Need to talk? You already have a Friend-At-Marshall ready to help you succeed. Find your FAM Peer Mentor here: www.marshall.edu/fam

Stay on the Herd Path and come to class! Class attendance is more important to your success than your high school GPA, your class standing, or your ACT/SAT scores.

In order to graduate on time, you need to take an average of 15 credits per semester. Are you on track? Take 15 to Finish!

No need to wait until graduate school. Discuss undergraduate research opportunities with faculty in your major right now.

Take a career self-assessment to help determine what jobs fit your talents and interests. We can get you there.

Join the Marshall Environmental Science Association, SCUBA Club, or other organization.

Take a pulse check. Know what you need to do every year to keep your grants, scholarships, or federal financial aid.

YEAR THREE

Join professional associations in your field, like: American Fisheries Society, Ecological Society of America, Association of Southeastern Biologists.

Run for Student Government and represent your fellow students while making a long-term difference on Marshall's Campus.

Are you on track to graduate? Meet with your advisor for your Junior Eval to make sure you know what requirements you have left.

Think about who can help you grow as a student and a professional (professors, advisors, alumni, etc.) and ask at least one to be your mentor.

Don't enter your field with zero experience! Meet with your advisor to discuss your internship options.

Strengthen your resume and enhance your presentation skills. Present what you've learned at an academic conference off campus.

Conservation and sustainability outreach is available. Join up!

YEAR TWO

Are you completing enough credits to graduate on time? Dropping or failing a class can put you behind. Use summer terms to quickly get back on track.

Attend civic meetings, such as the school board, neighborhood associations, city council, or important state legislative sessions.

Have you considered adding a minor or certification? Think about personal areas of interest that might give you a more marketable skill set.

Get involved! Strengthen your resume by gaining valuable field and laboratory experience.

Don't enter your field with zero experience! Secure an internship related to your field of study.

Run for Student Government and represent your fellow students while making a long-term difference on Marshall's Campus.

Join the Marshall Environmental Science Association, SCUBA Club, or other organization.

YEAR FOUR

This is it! Are you on track to graduate? Meet with your advisor for your Senior Eval to see what requirements you have left.

Think about who can help you grow as a student and a professional (professors, advisors, alumni, etc.) and ask at least one to be your mentor.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits your career goals.

Conservation and sustainability outreach is available. Join up!

Pursue research and funding opportunities for undergraduates.

Join professional associations in your field, like: American Fisheries Society, Ecological Society of America, Association of Southeastern Biologists.

Be at the top of your professional game! Prepare a final resume and practice your interview skills with a career coach in Career Education.
