Community Partner Quote

"Facing Hunger Foodbank is honored to have this longstanding partnership with Marshall School of Art & Design and The Pottery Place, through the Empty Bowls event. It aids us in our mission to serve the 130,000 souls at the center of our work, who live with food insecurity every day."

Chief Development Officer

Student Quote

"I like Empty Bowls because it helps the community, it is very selfless, helps it gets my art into peoples' homes. It is rewarding because of the feeling of being a part of something that is bigger than just my academic experience at Marshall."

Faculty Quote

"It is amazing to be in the 20th year for this event here in Huntington, WV. Empty Bowls allows students to very quickly understand how their art can make a difference to the local community. Our students work so hard to pull this event off, and they take so much pride in each and every creation they make. The community support behind this event is incredible and I am proud to showcase the works made by students in the School of Art & Design at Marshall University."
