Because of anti-crowding measures taken in response to COVID-19, you must reserve a permission to occupy bbsc107. As of July 2020, only 4 people will be allowed to occupy the BBSC107 suite concurrently.

Because we have always operated these FACES calendars assuming that everyone is cooperating and working in good faith you will find that any instrument User Name will allow you to access any calendar.

Under 'Choose a Schedule', you will see 4 possible schedules allowing you to occupy room bbsc107. If bbsc107_1 is reserved, try bbsc107_2, if that is reserved, try bbsc107_3, etc. If all four are reserved during a given time period then you cannot occupy the room during the period.

Schedule your hours and please put your name and email address in the 'Comment' field. Also, if you know the side room you will be working in, put that in the comment field also. For example, if you will use confocal, put 107L in the comment section (see below for table with rooms and contents).

Side rooms in the BBSC107 imaging suite	107L	107K	107J	107H	107F	107E	107C	107B	107A
	SP5 confocal	Bruker FastScan	BrukerMM8 and microtome	H7000 TEM	Micro-fluidics room	Cryostat and evaporator	Lithography/ prep lab	NSOM and SMLM	Manager's office
