n Lada		ENGR 222	Engineering Cost Analysis	•	3					

MAJOR INFORMATION

- To be eligible to take Senior Seminar for Civil Engineers (CE 452), students must have completed either CE 312 (Structural Analysis) or CE 331 (Hydraulic Engineering).
- To be eligible to take Senior Capstone Design (CE 453), students must have completed Introduction to Project Management (ENGR 451) and at least
- CE Design Electives: At least two CE design electives must be taken from the following courses: CE 413 or CE 414, CE 425, CE 426, CE 434, CE 438 or CE 443.
- CE Electives: At least two CE electives must be taken from the following list of courses, excluding courses that are taken to satisfy the CE Design Electives: CE 341, CE 413, CE 414, CE 425, CE 433, CE 434, CE 443, or any

300-level or higher CE course not taken to satisfy a CE Design Elective.

COURSE NAME

HRS GRADE

- Technical Elective: One technical elective that satisfies one of these criteria must be taken: Any 300-level or higher CE course not taken to satisfy a CE Design Elective or CE Elective, or any 200-level or higher ENGR, ME or EE course, with advance approval from the student's advisor and chair.
- Course offerings and course attributes are subject to change each semester. Please consult each semester's schedule of courses for availability and
- Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- The Civil Engineering degree program requires a minimum of 124 credit hours of coursework for graduation.

FOUR YEAR PLAN COLLEGE OF ENGINEERING AND COMPUTER SCIENCES 2022-2023

Summer Term (optional):

CIVIL ENGINEERING

Civil engineers apply fundamental mathematics and physics to develop solutions to problems that affect the daily lives of citizens. They are multi-skilled and are

- Architecture
- Geography
- Geology

GRADUATION REQUIREMENTS

- Have a minimum of 124 credit hours (some colleges or majors require more);
- · Have an overall and Marshall Grade Point Average of 2.00 or higher;
- Have an overall Grade Point Average of 2.00 or higher in the major area of study;
- · Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements;
- Have met the requirements of the Core Curriculum;
- · Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate catalogue);
- Be enrolled at Marshall at least one semester of the senior year:
- Have transferred no more than 72 credit hours from an accredited West Virginia twoyear institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. The official source of degree requirements at Marshall University is DegreeWorks available in your myMU portal. Always consult regularly with your advisor.

CIVIL ENGINEERING — 2022-2023

YEAR ONE

Have questions? Need to talk? You already have a Friend-At-Marshall ready to help you succeed. Find your FAM Peer Mentor here: www.marshall.edu/fam

Take a career self-assessment to help determine what majors fit your talents and interests and consider job shadowing opportunities.

Sign up for Handshake! Handshake is the #1 place to launch a career with no connections, experience, or luck required. The platform connects up-and-coming talent with 650,000+ employers.

Stay on the Herd Path and come to class! Class attendance is more important to your success than your high school GPA, your class standing, or your ACT/SAT scores.

In order to graduate on time, you need to take an average of 15 credits per semester. Are you on track? Take 15 to Finish.

Take a pulse check. Know what you need to do every year to keep your grants, scholarships, or federal financial aid.

Explore peer leadership opportunities through the FAM Program, or apply to be a UNI Peer Mentor.

YEAR THREE

Attend an intercultural festival or event on campus or in town.

Run for Student Government and

represent your fellow students

while making a long-term

difference on Marshall's campus.

Prepare for and pass the FE exam.

Talk to faculty about pursuing optional professional certifications.

Are you on track to graduate? Meet with your advisor for your Junior Eval to make sure you know what requirements you have left.

Networking is key! Attend a Career Expo to seek employment opportunities and network with employers in your field.

Don't enter your field with zero experience! Secure an internship related to your field of study.

YEAR FOUR

graduate? Meet with your advisor for your Senior Eval to see what requirements you have left.

represent your fellow students while making a long-term difference on Marshall's campus.

> Don't enter your field with zero experience! Secure an internship related to your field of study.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits you career goals.

Prepare for and pass the FE exam.

Strengthen your resume and enhance your presentation skills. Present what you've learned at an academic conference of campus.

YEAR TWO

Are you completing enough credits to graduate on time? Dropping or failing a class can put you behind. Use summer terms to quickly get back on track.

In order to work in your field, you need to take a certification exam. Develop a study strategy now. Check with your advisor.

Join or create a club or organization on campus about a particular issue you care about. Marshall has more than 200 student organizations.

Run for Student Government and represent your fellow students while making a long-term difference on Marshall's campus.

No need to wait until graduate school. Discuss undergraduate research opportunities with faculty in your major right now.

Don't enter your field with zero experience! Secure an internship related to your field of study.

This is it! Are you on track to

Run for Student Government and

Be at the top of your professional game! Prepare a final resume and practice your interview skills with a career coach in Career Education.
