MANAGEMENT SUPPLY CHAIN ANALYTICS

The Department of Management and Health Care Administration offers a Bachelor of Business Administration (BBA) degree in Management. In order to be successful in today's business world, managers must learn how to manage financial, human, and time-based resources. At the individual level, topics include employee motivation and performance, work attitudes such as job satisfaction and commitment, and worker-based factors like personality and emotion. At the interpersonal level, topics of interest include group behavior and teamwork, leadership, negotiations, and human resource management strategies related to staffing, compensation, and employee development. Management majors can choose to have an area of emphasis in Supply Chain Analytics or Human Resources and Organizational Behavior.
