CURRICULUM PLAN COLLEGE OF SCIENCE 2024-2025

# CYBER FORENSICS AND SECURITY

#### REQUIREMENTS

CORE CURRICULUM

The Core Curriculum is designed to foster critical thinking skills and introduce students to basic domains of thinking that transcend disciplines. The Core applies to all majors. Information on specific classes in the Core can be found at marshall.edu/gened.

MY ADVISOR'S NAME IS:

ORE 1: CRITICAL THINKING				CORE 2:						
CODE	COURSE NAME		HRS	GRADE		CODE	COURSE NAME		HRS	GRADE
FYS 100	First Year Seminar	•	3		<b>₹</b>	ENG 101	Beginning Composition	•	3	
	Critical Thinking Course	•	3			ENG 201	Advanced Composition	•	3	
	Critical Thinking Course	•	3			CMM 103	Fund Speech-Communication	•	3	
					<b>***</b>	MTH 140	Core II Mathematics	• •	3	
Additional University Requirements						FSC 224	Core II Physl/Natural Science	• •	4	
CFS 440	Writing Intensive		3				Core II Humanities	•	3	
CFS 460	Writing Intensive		3			C1 200	Carry II Cardial Cataraga		2	
	Multicultural or International		3			CJ 200	Core II Social Science	• •	3	
CFS 490	Capstone		3				Core II Fine Arts	•	3	

#### MAJOR-SPECIFIC

All Cyber Forensics and Security majors are required to take the following courses:

	CODE	COURSE NAME		HRS	GRADE	CODE	COURSE NAME		HRS	GRADE
	NRRM 200	Analytical Methods: Statistics	•	4		CFS 357	Network Penetration and Attack	•	4	
1	MTH 140	Applied Calculus	• •	3		CFS 400	Intro to Cyber Forensics	•	3	
	FSC 224	Intro to Forensic Science	• •	4		CFS 440	Digital Forensics (WI)	•	4	
		Phys/Nat Science Elec Sequence 1	•	4		CFS 448	Multimedia Forensics	•	3	
		Phys/Nat Science Elec Sequence 2	•	3		CFS 454	Network Defense	•	4	
	CS 110	Computer Science I	•	3		CFS 460	Applied Cyber Forensics (WI)	•	4	
1	CIT 263	Web Programming I	•	3		CFS 462	Network Forensics	•	4	
	CIT 352	Network Protocols and Admin	•	3		CFS 467	Mobile Device Forensics	•	4	
	CIT 365	Database Management	•	3		CFS	CFS Technical Elective	•	3	
	CJ 200	Intro to Criminal Justice	• •	3		CFS	CFS Technical Elective	•	3	
	CJ 314	Crime Scene & Investigations	•	3		CFS 490	Senior Project	• •	3	
	CJ 424	Computer Crime	•	3			Free Elective		3	
<b>***</b>	CFS 200	Introduction to CFS	•	3			Free Elective		3	
	CFS 261	Intro to Linux	•	3			Free Elective		3	
1	CFS 305	Open Source Intelligence	•	3			Free Elective		2	

#### MAJOR INFORMATION

- Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- Coursework listed as "free elective" may vary for each student. Students are encouraged to use elective hours toward a minor or toward prerequisities. • Students are strongly encouraged to select courses that meet two or more
- Core or College requirements. Course offerings and course attributes are subject to change semesters.
- Please consult each semesters schedule of courses for availability and attributes.
- Math is based on an ACT Mathematics score of 24 or higher. Students with an ACT Mathematics score less than 24 will be placed in the appropriate mathematics and science courses.
- Prior to entering their junior year, students are required to pass a background check (no arrests or convictions) and supply two letters of reference that attest to the student's character. Under certain very limited circumstances, this requirement may be waived. That decision will be made by a review committee comprised of the university digital forensic and information assurance faculty along with the department chair. The background check is done at the student's expense.
- For the CFS technical elective students may choose between the following classes: CFS 420: Incident Response (3 cr.), CFS 430: Exploit Development (3 cr.), DFIA 445: Mobile and Web Pen Testing (3 cr.), CFS 461: Cyber Warfare (3 cr.), or CFS 464: Network Security and Cyber Crime (3 cr.) or CFS 480: Special Topics (3 cr.).

# CYBER FORENSICS AND SECURITY

The Bachelor of Science in Cyber Forensics and Security prepares students to meet the challenges of today's cyber threats. Cyber Forensics and Security skills are in high demand in law enforcement, business, government, defense, intelligence, and the private sector. The program has a solid foundation in science, technol-

#### **INVOLVEMENT OPPORTUNITIES**

- · Collegiate Cyber Defense Competition Team (CCDC)
- · Women in Cyber
- Open Source Intelligence Exchange (OSIX)
- · Hackers for Charity
- SGA
- · Campus Activity Board
- JMELI
- · Commuter Student Advisory Board
- Community Engagement Ambassadors
- Club Sports
- · Religious Organizations
- Political Organizations
- Residence Hall Association
- Cultural Organizations
- National Society of Leadership and Success
- · Greek Life

#### **RELATED MAJORS**

- Computer Science
- · Computer and Information Security

#### **GRADUATION REQUIREMENTS**

- Have a minimum of 120 credit hours (some colleges or majors require more);
- · Have an overall and Marshall Grade Point Average of 2.00 or higher;
- Have an overall Grade Point Average of 2.00 or higher in the major area of study;
- · Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements;
- Have met the requirements of the Core Curriculum;
- · Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate catalogue);
- Be enrolled at Marshall at least one semester of the senior year;
- Have transferred no more than 72 credit hours from an accredited West Virginia twoyear institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. The official source of degree requirements at Marshall University is DegreeWorks available in your myMU portal. Always consult regularly with your advisor.

# CYBER FORENSICS AND SECURITY — 2024-2025

YEAR ONE

Have guestions? Need to talk? You already have a Friend-At-Marshall ready to help you succeed. Find your FAM Peer Mentor here: www.marshall.edu/fam

Join the DFIA Slack channel to keep up to date on all things happening in the program and to network with your faculty and fellow students.

Join or create a club or organization on campus about a particular issue you care about. Marshall has more than 200 student organizations.

Are you completing enough credits

to graduate on time? Dropping or

failing a class can put you behind.

Use summer terms to quickly get

back on track.

Stay on the Herd Path and come

to class! Class attendance is more

important to your success than

your high school GPA, your class

standing, or your ACT/SAT scores.

Learn from and network with

nationally known speakers at the

annual Appalachian Institute of

Digital Evidence conference held in

April.

Sign up for Handshake! Handshake is the #1 place to launch a career with no connections, experience, or luck required. The platform connects up-and-coming talent with 650,000+ employers.

In order to graduate on time, you need to take an average of 15 credits per semester. Are you on track? Take 15 to Finish!

0

Take a pulse check. Know what you need to do every year to keep your grants, scholarships, or federal financial aid.

Learn from and network with nationally known speakers at the annual Appalachian Institute of Digital Evidence conference held in April.

YEAR TWO

#### YEAR THREE

Develop relationships with professors who can serve as future references by attending their office hours.

Apply for the for the annual Juanita Carpenter Sammons Digital Forensics and Information Assurance Scholarship.

In order to work in your field, you need to take a certification exam. Develop a study strategy now. Check with your advisor.

Don't enter your field with zero experience! Secure an internship related to your field of study.

Are you on track to graduate? Meet with your advisor for your Junior Eval to make sure you know what requirements you have left.

Consider undertaking an applied research project and presenting it at the annual Appalachian Institute of Digital Evidence (AIDE) conference in April

Learn from and network with nationally known speakers at the annual Appalachian Institute of Digital Evidence conference held in April.

### YEAR FOUR

This is it! Are you on track to graduate? Meet with your advisor for your Senior Eval to make sure you know what requirements you have left

Develop relationships with professors who can serve as future references by attending their office hours.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits your career goals.

Apply for the for the annual Juanita **Carpenter Sammons Digital Forensics** and Information Assurance Scholarship.

Learn from and network with nationally known speakers at the annual Appalachian Institute of Digital Evidence conference held in April.

need to take a certification exam. Develop a study strategy now. Check with your advisor.
